

VINCE ECTOR

ORGANATOMY TRIO+

THEME FOR MS. P

Vincent Ector is one of the leading drummers on the jazz scene today. A listing of major artists he has performed with in concert and on recordings reads like a 'whose who' in the world of jazz, such as Randy Weston, Freddy Hubbard, Hank Jones, Charles Earland, James Moody, Slide Hampton, Jimmy Heath, Gloria Lynne, Houston Person, Bobby Watson, Lou Donaldson, Stanley Cowell, Antonio Hart, Dr. Lonnie Smith, Joey DeFrancesco, Pat Martino, Ron Carter, Claudio Roditi, and The Dizzy Gillespie Alumni All Stars & Big Band.

His recordings as a leader include "Theme for Ms. P", "Organatomy", "Renewal of the Spirit" and "Rhythm Master". He is also featured on over 50 recordings.

Vince Ector has performed at many of the world's leading jazz festivals, theatres and jazz clubs and is highly active in the music education field. Mr. Ector is a Lecturer of Music at Princeton University and The Founder and Executive Director of Arts For Kids Inc. (www.artsforkidsinc.org). His many awards include numerous ASCAP Plus Awards, NY City Council Citation, NJ State Council on the Arts Teaching Artist in Music designation and a Puffin Foundation Artist Grant Award. He is also a Mapex Drums, Zildjian Cymbal, Vic Firth and Humes & Berg endorsed artist.

THEME FOR MS. P is a swinging, soulful recording throughout. The fourth release for Ector but the first *Organatomy* iteration with **Bruce Williams**, **Pat Bianchi** (works with Pat Martino and Lou Donaldson), and special guest **Paul Bollenback** (of Joey DeFrancesco and Jack McDuff fame).

Organatomy continues to honor the organ tradition with love and respect. **THEME FOR MS. P** is refreshingly hip.
